### ***Claim Objections***

1. Claims 1-15 are objected to because of the following informalities:

The claims are objected to because they include range values recited in the claims are in parenthesis and should NOT be enclosed within parentheses, so as to avoid confusion whether or not the limitation is actually a recited limitation for patentability. Please note lines 4, 5, 7 and 15.

Further, in claim 1, the variable "λrms" requires a definition in the recitation of claim 1. Also claim 1 requires a period at the end of the claim.

In claim 3, line 1, "claim2" should read ---claim 2---.

In claim 14, there is awkward wording with the claim ending with the word "is."

Appropriate correction is required, before the application can pass to issue as being allowable. Note below.

### **REASONS FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance:

The prior art does not show or fairly suggest the claimed invention of an objective lens for an optical pickup device having the claimed structure and claimed limitations, wherein a rejection under 35 USC 102 or 103 would be improper. Please particularly note the combination of claimed elements and claimed limitations, including the conditional statements.

Therefore, the claimed invention is considered to be in condition for allowance as being novel and nonobvious over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Drawings***

3. The drawings were received on 12-23-05. These drawings are approved.

***Priority***

4. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

***Conclusion***

5. This application is in condition for allowance except for the following formal matters noted above in paragraph 1.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
